Op2i JOINS THE UK NATIONAL OUTSOURCING ASSOCIATION (NOA)

Further aligning the firm to delivering best practice advice

Op2i, a business improvement firm, specialising in outsourcing, has joined the NOA.

Although Op2i already promotes best practice in business improvement and outsourcing whereby they don't follow, but rather, create best practice, the firm believes it will benefit by associating with other leading organisations and sharing knowledge and experience to better delivery superior service to its clients.

Bharat Vagadia, CEO Op2i commented *"we are delighted to join the oldest and deeply entrenched trade body for outsourcing, representing best practice in outsourcing within the UK. We hope we can share our experiences and learn from other leading organisations through dialogue and facilitate better government policy to enable UK businesses to compete with emerging markets through further collaboration and sourcing approaches"*.
